The Antidumping/Countervailing Duty (AD/CVD) Working Group will provide updates regarding its work and discussions on importer compliance with AD/CVD requirements. The Intellectual Property Rights Process Modernization Working Group will provide updates regarding development of an electronic notice of detention and enhanced procedures for manipulation of shipments, in addition to other practical proposals for enhancing communication concerning intellectual property rights issues between the trade, the rights holders, and CBP. The Bond Working Group’s updates will include the status of proposed revisions to Directive 3510-004, “Monetary Guidelines for Setting Bond Amounts,” and the testing of electronic delivery of CBP Form

2. The Next Generation Facilitation Subcommittee will provide updates on its task forces and working groups, including an update on the progress of the 21st Century Customs Framework (21CCF) and E-Commerce Task Forces, and it is expected there will be recommendations for the committee's consideration in both areas. The Automated Commercial Environment (ACE) 2.0 Working Group will present recommendations for the committee's consideration stemming from the in-depth gap analysis of areas that may be improved when CBP embarks on ACE 2.0 modernization. The Partnership Programs and Industry Engagement Working Group (formerly Trusted Trader Working Group) topics of discussion will include the inclusion of forced labor into the Customs Trade Partnership Against Terrorism (CTPAT) program, as well as

the proposed requirements CTPAT members must meet to mitigate the risk of forced labor in their supply chains.
